🇩🇪 Work Authorization: Eligible to work in Germany

PROFESSIONAL SUMMARY

Frontend-focused Web Developer with hands-on experience building scalable, responsive web applications using React.js, TypeScript, and modern JavaScript. Strong background in API integration, authentication systems, and AI-powered features using OpenAI APIs. Recently completed an MSc in Management Information Systems in Norway and currently based in Germany. Strong problem-solving, communication, and analytical skills, with a passion for leveraging modern technologies to enhance user experience.

SKILLS

Frontend: React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Design, UI/UX Principles

Backend: Node.js, Express.js, MongoDB, RESTful API, Firebase Authentication

AI Integration: OpenAI GPT models, AI chat assistant integration, prompt engineering, API optimization

Payments & Security: Stripe Integration, JWT Authentication, Firebase Auth

Dev Tools: Git, GitHub, VS Code, Figma, Agile/Scrum

Deployment & Cloud: Vercel, Netlify, Firebase, Basic CI/CD concepts

Soft Skills: Collaborative communication, critical thinking, analytical problem-solving, agile teamwork

EXPERIENCE

Frontend Developer (Personal Projects)

08/2024 – Present

- Relocated in Germany after completing MSc in Management Information Systems in Norway.
- Continued building personal projects, completed a course focusing on full-stack development. Built AI-powered chat assistants using OpenAI APIs to reduce user support friction.
- Built reusable UI components using React and TypeScript
- Worked in hospitality to support relocation transition and gain cross-cultural work experience while pursuing web development opportunities.

Web Developer(Frontend)

10/2021 – 06/2022

Crebsol Ltd, Dhaka, Bangladesh

- Developed responsive applications using React.js and Tailwind CSS
- Integrated REST APIs using Node.js and MongoDB
- Improved UI performance and resolved frontend issues
- Delivered project 20% ahead of schedule

Information Technology Teacher

08/2014 – 09/2021

Srijonshil Model School, Dhaka, Bangladesh

- Delivered IT education on operating systems, applications, and networking
- Improved student performance with 80%+ measurable progress

- Strengthened communication and problem-solving skills

Junior HTML Developer
Design Source Team Ltd, Chattagram, Bangladesh

- Converted designs into responsive web pages using HTML, CSS, JavaScript
- Collaborated with designers and developers on UI implementation

04/2012 – 07/2014

EDUCATION

Master of Science, Management Information System
University of South-Eastern, Norway
Thesis:
Key Factors and Challenges in Cloud Adoption: A Case Study of Kartverket(Norwegian Mapping Authority)

08/2022 – 07/2024
Norway

Bachelor of Science, Electronics and Communication Engineering
Southern University Bangladesh

08/2006 – 05/2011
Bangladesh

PROJECTS

AI-Powered Event Management Platform
Full-stack platform to reduce manual administrative workload by leveraging AI-powered assistance and improving user engagement through real-time chat-based interaction.

- **Technology:** Tailwind CSS, React.js, Node.js, Express.js, MongoDB, OpenAI API, Vercel, Netlify.

Live , **Client** , **Server** .

Matchmaking Platform with Dashboard
Platform featuring role-based dashboards and protected routes, implemented secure authentication with dynamic UI flows, and prioritized usability through clean navigation. Integrated secure payments using Stripe.

- **Technology:** Tailwind CSS, React.js, Node.js, MongoDB, Stripe, Firebase authentication.

Live , **Client** , **Server** .

Crowdfunding Platform
TypeScript based crowdfunding platform with reusable components, secure authentication, and structured frontend architecture.

- **Technology:** TypeScript, React.js, Node.js, MongoDB, Firebase authentication

Live , **Client** , **Server** .

LANGUAGE

English Fluent	German Beginner (currently improving)
Hindi Fluent	Bangla Native
